

## **DAY AT HOME ADVENTURE – TINIES**

### **Peaceful Baby Music (feat Marco Peiri) - Baby Lullaby Academy**

*Now we're going to have a day staying at home today and the first thing need you do is to wake baby up!*

**Props: Hand out Signing Cards & give signing explanations**

#### **Learning Outcomes:**

- Teaching your baby to Sign will give them increased confidence and independence
- Good bonding activity for parent and baby
- Focuses baby's attention
- Helps speech, language and communication skills

#### **Activity:**

- Baby sitting or lying on floor in front of you, making eye contact
- Going to do some baby signs
- Explain signs
- You will need to do the signs as we say the words
- Leader to run through all signs first (there are more than in the ditty below), then run through the ditty with the signs for parents to see what to do

#### **Words to signing activity**

Good morning, good morning, good morning everyone (you may have to sign Good Afternoon, depending on the time you are running your class)

Today we're going to play, have some fun and explore at home

We're going to eat, have a drink and have some milk

And lots of fun!
