

Twistin Tots Image Use Policy: Consent Form

This Consent Form/Policy applies to any activities undertaken by Twistin Tots and Brands, including but not limited to Twistin Tinies Adventures, Twistin Tikes, Twistin Tikes Golden

We are aware that the current widespread use of mobile telephones and digital cameras would make banning them very difficult for us to impose and police. Generally, photographs taken at our classes for family use, and those that appear in our publicity and in the press, are a source of pleasure and pride. They enhance self-esteem for children and their families and this practice should continue within the safe practice guidelines detailed in our Image Use Policy which can be found on our website at <https://www.twistintots.co.uk/policies>

We are happy, therefore that parents continue to be allowed to take photographs at our classes, subject to the caveats in our Image Use Policy, **namely that if they are putting photographs on social media of any kind, they ensure they are not including children from any other family unless they have express permission to do so from that family.**

Some of our families have children that are adopted or fostered for example, and the consequences of their photographs appearing online could be catastrophic.
